PERFORMANCE AND DESIGN

# uni-ball Jetstream RT Pen!

(assorted colors and sizes)

**GEL**  
 The ink is thicker at rest and more fluid-like when agitated. Think ketchup. Gels offer consumers a smooth writing experience like a roller, with the durability of a ballpoint. **SMOOTHER.**

**ROLLER**  
 The ink is most like a fluid. Think water. Rollers are for consumers who demand the smoothest writing experience. The **SMOOTHEST.**

**BALLPOINT**  
 The ink is the closest to a solid. Think molasses. Ballpoints represent the old standard choice for consistent, dependable writing. **SMOOTH** and sure-footed.
