Paris, France...

The paper does make a difference. This sheet is printed on genuine HP Color Laser Paper using an HP 2840 Color Laser Printer and

genuine HP supplies. The other sheet is printed on the same printer, but using a standard sheet of copy paper. You can see and feel the difference.

Heavier, brighter, and specially engineered for laser printers. The proof is in seeing.

We have enclosed a 10-sheet sample pack of this extraordinary paper.

Product number HEW205000 (case of 5 reams), or HEW205000RM in single reams.

The paper does make a difference. Here is the same picture, from the same printer and ink. But this time, we printed it on standard copy paper.
