Radstons **OP** office plus

This week, we are featuring a sample kit of Dry-Erase Markers from BOONE. These markers are available in a variety of styles and colors. See page 1134 in our full-line catalogue for item numbers.

Dry-Erase Markers deliver vibrant colors and great erasure with DryGuard ink technology, providing extended cap-off time. Low-odor and non-toxic.

The Comfortech Dry Erase Markers feature a cap-mounted eraser and a comfortable, reverse taper ergonomic rubber grip. Vibrant colored DryGuard inks provide extended cap-off time. Low-odor and nontoxic.

Premium performance inks with super intense colors and clean erasure from almost any dry-erase surface makes the Boone Pro the presenter's choice. The unique, ergonomic design improves comfort as well as appearance.

ReWritables Dry-Erase Markers attach to the board so they won't get lost. Built-in magnet on cap keeps markers close to the action, and quick corrections are easy with the cap-mounted eraser. Available in a six-color assortment pack. The ink features intense colors and erases easily. The wide variety of colors allows a choice of ink color to target an audience or to color-key information.

Rebate goof: The manufacturer's rebate offer in the sample kit ran out before we were able to get these samples to you. But don't worry...Check out the new rebate form for Boone on the front page of our web site: www.radstons.com.
