**Durable Tabs:**

# ***Tough and Thick***

*Yes, they're really this strong.*

Post-it Durable Index Tabs are durable, removable, strong, sturdy, and stiff. Extra thickness stands up to repeated use. Secure self-stick tabs for quick and easy tabbing and indexing of files, folders, books, and catalogs. Quick and easy to use. Easy to write on.

Durable, removable index tabs come in a 2" size for easy indexing, filing, and labeling. Stronger and sturdier, won't bend over time. Perfect for long-term files or projects. Large writing surface for personalizing and color-coding.

MMM686-2RY (22 tabs of red and yellow)

MMM686-2GO (22 tabs of fluorescent green and fluorescent orange)
