

Double-ended Dry Erase Markers offer two tips in one marker, a regular tip and an X-Large tip. The two sizes of chisel tips deliver the widest range of strokes for all marking

applications. The Dual Tip offers 25 percent more ink than standard Desk Style Marks-A-Lot Whiteboard/Dry Erase Marker. The inks are quick-drying and nontoxic, and wipe off whiteboard easily.

Available in black (AVE25857) and a 4 color set (AVE25859)
