Security Envelope

Safely store computer disks, CDs, photos, evidence files, X-rays and a variety of other documents in a 2-hole punched polypropylene envelope. Secured on all four sides, the envelope reduces the potential for lost documents or articles. This security envelope can easily be attached to your folder through the use of a fastener and the 2-hole punched flap on the envelope.

Specifications:

- Super durable polypropylene
- Waterproof and tear-resistant materials
- Acid-free, archival quality
- Two hole punched top tab
- Packed 5 per package
